SOLUTIONS

The logo features a large, stylized letter 'P' on a green background. The word 'PEACE' is written vertically inside the stem of the 'P', and 'SOLUTIONS' is written along the top curve of the 'P'. To the left of the 'P' is a vertical blue bar with the word 'SOLUTIONS' written in white capital letters.

About Us:

PEACE Solutions was established in 2001 with the intention of providing business solutions, specifically by using the power of new technologies and platforms. The main focus is on developing quality solutions involving new platforms and integrating different breed of devices together for the optimization of performance.

It is being governed by a panel of experts with a vast amount of experience and thirst for exploration. Our experts are considered to be an authority in their respective fields. We have a mix of foreign and local qualified experts on our list.

We do not develop software; rather engineer solutions, which may use tools of Information Technology.

We are quite open in our approach and believe in perfection only. Our team has a capacity to develop solution from inception to operation.
